<b>6. Description of content:</b> The substance covered by the Act was authorised for a period of ten years as a feed additive for all terrestrial animal species in the additive category 'technological additives', functional group 'preservatives' and in the additive category 'sensory additives', functional group 'flavouring compounds'. An application was submitted for the renewal of the authorisation of this substance in accordance with article 14 of Regulation (EC) No 1831/2003. Based on the favourable conclusions of a scientific assessment of the dossier submitted by the applicant, conducted by the European Food Safety Authority (EFSA), the authorisation of this substance as a feed additive for all terrestrial animal species is renewed under certain conditions detailed in the Annex to the Act. A transitional period is included for the interested parties to meet the new authorisation requirements.
